28. CARNIVAL SIGN

An advertisement for a traveling carnival is painted on the wall of an old barn. But some of the paint has peeled off, making a few of the words difficult to read. Here's one of the words that onlookers are having trouble with:

C P C I F S C J L

What word is it? Here is a hint: The F in the middle can represent itself, or it can be an E without the bottom stroke. The answer is an adjective that might describe one of the carnival acts.
